

· Nova Family Podiatry, P.C.
Bernard A. Novabilski, D.P.M.

Our office is participating in the Patient Portal. You may be asking what is the Patient Portal? The Patient Portal is a web based system that allows for secure communication and transfer of information between Nova Family Podiatry and you, the patient.

The patient can use the Patient Portal for a variety of reasons, such as:

- Downloading your patient forms and documents
- View your clinical summary information from and office visit
- Update your own demographic information
- Request, cancel and change your appointment
- Request medication refills
- Billing/health question for the office or Dr. Novabilski
- General messages for the office or Dr. Novabilski

Our office will be sending you an email on how to register for the Patient Portal. Please review the e-mail and click on the link provided to register. ***** Please send a message using the Patient Portal so that the office knows the portal is active and working.

Thank You,
Nova Family Podiatry, P.C.
